Comfort & joy

Welcome to the cozy season—a time of toasty sweaters, steamy lattes, crackling fires, maybe even a festive celebration or two.

If you're new to Silverts, welcome! We offer a complete wardrobe of smart assistive-dressing solutions, whether you are able to dress yourself or have help from a caregiver.

With the holidays on the horizon, we've curated stylish wardrobe essentials to see you through any occasion, from a movie marathon with family to a celebratory family dinner. You can browse our Assisted Dressing collection on page 8 and find Self Dressing picks on page 50. (Or make a beeline straight to page 30 for our gift guide!)

Finally, check out our new footwear collection on page 66—because happy feet are a sure way to a happy heart. We are very excited to share our new eminently adjustable True Fit insole system, which includes two removeable spacers and one insole insert, so you can size your shoes up or down to accommodate orthotics, swelling or other changes.

Adaptive dressing is about feeling comfortable and confident, so you can make the most of time spent with loved ones and friends. From our family to yours: Happy holidays and thank you for inviting us to be a part of your journey.

Adaptive Dressing 101

New to adaptive clothing? If so, you may be wondering where to get started. Let's begin by exploring some of the adaptive design features you'll see throughout our catalog. Our adaptive solutions make your clothing and footwear more comfortable, less stressful and still stylish. Here's what you need to know.

Let's talk about

Assisted Dressing

Our Assisted Dressing styles feature innovations that make it easier on you and your caregiver to help you get dressed, whether you're seated, standing or lying down.

1. Open Back Top

Our open back tops, sweaters, jackets, dresses and nightgowns make dressing easier for those with poor shoulder and arm mobility. These pieces can be secured easily at the shoulder with a snap. Overlapping back panels reduce injury risk to wearers and caregivers by avoiding the need to lift or stand up to get dressed.

2. Open Back Pants

These pants are anything but basic. Designed to be put on and taken off while you're seated or lying down, the pants are pulled onto the legs and the two overlapping back panels simply wrap around the waist. All secured safely with easy-to-reach snaps.

3. Easy Touch Closure

Slip into this shoe with ease. With their lightweight cushioning, plush interior and extra-roomy width that's gentle on corns, bunions, edema and other foot concerns, our shoes are the closest thing to walking on a cloud. Easy-on, easy-off closures improve access for assisted dressing.

On her, from top to bottom:

Open Back Criss Cross Neckline Top (#141), Women's Open Back Gabardine Pant (#23080), Women's Extra Wide Mary Jane Walking Shoes with Easy Touch (#15420)

Visit silverts.com/shop-by-need to discover adaptive clothing and footwear for your needs.

Let's talk about

Self Dressing

Our Self Dressing styles have solutions to help you get dressed on your own again with more comfort and ease, even if you're facing challenges with hand dexterity or upper-body mobility.

1. Magnetic Closures

You'll be attracted to the ease of our magnetic closures, which are hidden away behind a faux button front. You can open and close these shirts with just a touch of your hand.

2. Easy Grip Loops

Your hands and fingers can take it easy with these grip loops that are discreetly sewn into the waistband to easily pull on your pants.

3. Slip Resistant

Our shoes and slippers have slip-resistant soles to make walking safe and steady, even on tiles and hardwood.

On him, from top to bottom:

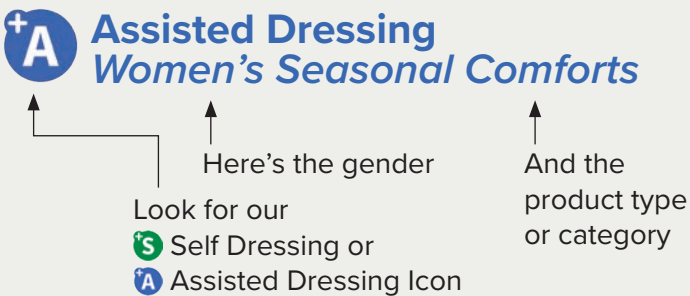

Magnetic Closure Sport Shirt (#40000), Men's Easy Grip Wide-Leg Pull-On Pants (#50160), Men's Extra-Wide Comfortable Slip-On Sneakers Without Laces (#55440)

Quick Start Shopper's Guide

When you see this symbol, magnets are sewn into the featured clothing, which under some circumstances could lead to DEATH or SERIOUS INJURY and may interfere with implanted medical devices, including pacemakers. Consult a physician before wearing.

Ingestion hazard: If a magnet becomes exposed or clothing becomes worn or torn near magnet, keep out of reach of children and dispose of garments and magnets. If magnets are swallowed, seek medical attention even if the person is not choking.

More comfort, more ease? Yes, please!

Our **new and improved** Breast Nest styles are great for women with sensitive skin, fibromyalgia or for post-op or breast cancer chemotherapy. Our underwire-free bra and camisole are made from a soft, lightweight moisture-wicking fabric that's supportive but non-constrictive. The fabric cups under each breast to prevent skin-on-skin contact, reducing chafing and irritation for maximum comfort whether you're upright or lying down.

Here’s how to find your adaptive-footwear size

Adaptive footwear is easy-on, easy-off, making it perfect for caregivers and people with mobility or manual dexterity challenges. Our shoes also adjust to accommodate swelling or orthotics, to ensure all-day comfort.

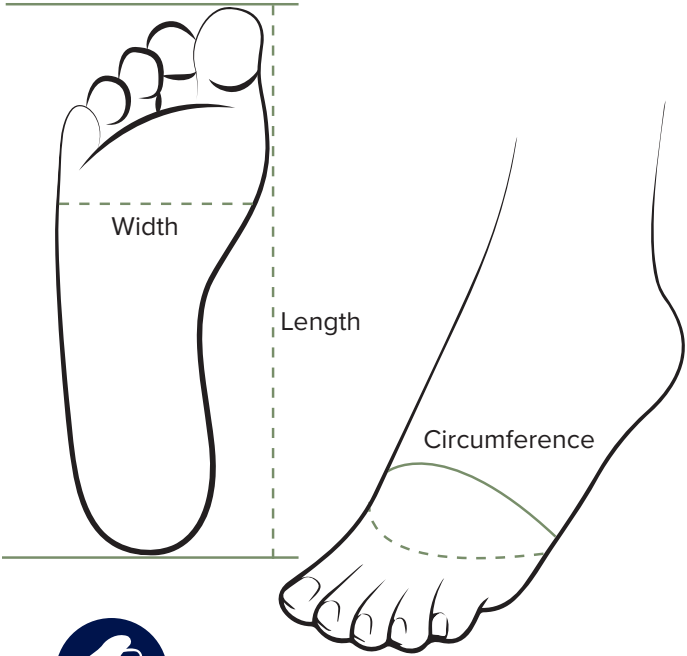

A good fit is key to making the most of these design features. Here’s how to find your adaptive-footwear size.

- 1

Measure the length, width and circumference of your feet. Visit [silverts.com/size-chart](#) for step-by-step instructions.
- 2

Find your adaptive-footwear size by comparing the measurements of your larger foot to our Shoe Size Chart.
- 3

Or, when browsing online, select a shoe, then click on “Size Chart” for a simplified chart that shows sizing for that product.

Introducing True Fit

Our new shoe collection features True Fit, an easier way to customize your footwear size.

Too snug? Remove an insole spacer.

Too loose? Stack a spacer or two under the insole.

You’ll find the True Fit icon beside shoes that offer this feature.
