Adaptive Dressing 101

New to adaptive clothing? Let us teach you about some of our adaptive features you will see throughout the catalog.

A Let's talk about Assisted Dressing

Our Assisted Dressing styles make it easier on you and your caregiver to help you getting dressed, whether you're seated, standing or lying down.

O Open-Back Top

Our open-back tops, dresses and nightgowns make dressing easier for those with lowered shoulder and arm mobility. Caregivers can easily slide the sleeves up the wearers arms and secure the garment with simple shoulder snaps. This design avoids the need to lift or strain, reducing the risk of injury for both wearers and caregivers.

O Open-Back Pants

Our open back pants are designed to be put on and taken off while you're seated or lying down, the pants are pulled onto the legs and the two overlapping back panels simply wrap around the waist. All secured safely with easy-to-reach snaps.

R Removable Insoles

You can achieve the perfect shoe fit thanks to the removable insole and spacers found in our closed toe shoes and slippers.

S Let's talk about Self Dressing

Our Self Dressing styles offer solutions to simplify getting dressed, even if you're experiencing challenges such as reduced hand dexterity or upper-body mobility.

M Magnetic Closures

You'll be attracted to the ease and comfort of our magnetic closures, which are hidden away behind a faux button front. You can open and close these shirts with just a simple touch.

E Easy On, Easy Off

Our open side pants feature openings on both sides, making it easy to slide them on, and over your hips. This design also offers easy access to hips and the abdomen, ideal for post-op recovery or for stoma bag wearers.

E Easy Touch Closure

We have added easy touch closures to many of our styles to simplify dressing for you or your caregiver. By replacing out tedious buttons and laces for easy touch closures, you can now adjust or fasten shoes and apparel with the touch of a hand.

Snaps at each shoulder are convenient for caregivers and comfortable for you.

Easy to slide on without straining stiff shoulders.

Overlapping panels provide coverage and discretion.

Find the products that are right for you

When you see this symbol, magnets are sewn into the featured clothing, which under some circumstances could lead to DEATH or SERIOUS INJURY and may interfere with implanted medical devices, including pacemakers. Consult a physician before wearing.

Ingestion hazard: If a magnet becomes exposed or clothing becomes worn or torn near magnet, keep out of reach of children and dispose of garments and magnets. If magnets are swallowed, seek medical attention even if the person is not choking.

Adaptive Pant Solutions

Revolutionize your wardrobe with the power of adaptive apparel. Our catalog features three game-changing pants designed for effortless dressing. No more struggles pulling them up, sliding over hips or fastening – we've got the solution.

Pull-On pants have discreet grip loops, ideal for lowered hand dexterity.

Pants (#063)

Adjustable hems feature a button and loop on each inner side of the pant leg to shorten the length by two inches.

Pants (#063)

Open-Side pants are easier to pull over hips and offer easy access to the abdomen, including stoma bags.

Pants (#24000)

Open-Back pants facilitate dressing from a seated or laying position, removing the necessity for caregivers to lift the wearer.

Pants (#23080)

Keep in mind many of our bra and shoe styles vary slightly in sizing, so it is best to review the product's specific size chart. This can be found at Silverts.com on the product's page, just below where you click to choose your size.

Shoe Sizes 101

Here's how to find your adaptive footwear size

Adaptive footwear is easy-on, easy-off, making it perfect for caregivers and people with mobility or manual dexterity challenges. Our innovative shoes also adjust to accommodate swelling or orthotics to ensure all-day comfort.

A good fit is the key to making the most of these design features. Here's how to find your adaptive footwear size.

1. Measure the length, width and circumference of your feet.
2. Find your adaptive footwear size by comparing the measurements of your larger foot to our Shoe Size Chart.
3. Or, when browsing online, select a shoe, then click on "Size Chart" for a simplified chart that shows sizing for that product.

Visit silverts.com/size-chart for step-by-step instructions.
