Easy-on extra-wide footwear

# **Dressing Made Simple**

Clothing that makes dressing easier

# Care Made Easier

Designs that support caregivers and independence

## **Discover Our Solutions**

New to adaptive clothing?

Learn about our adaptive features you will see throughout the catalog.

### Assisted Dressing .....

Our Assisted Dressing styles make it easier for you and your caregiver when helping you get dressed, whether you're seated, standing or lying down.

#### **Open-Back Top**

Our open-back tops, dresses and nightgowns make dressing easier for those with lowered shoulder and arm mobility. Caregivers can easily slide the sleeves up the wearers arms and secure the garment with simple shoulder snaps.

#### **Open-Back Pants**

Our open back pants are designed to be put on and taken off while you're seated or lying down. The pants are pulled onto the legs and the two overlapping back panels simply wrap around the waist. All secured safely with easy-to-reach snaps.

#### **Removable Insoles**

You can achieve the perfect footwear fit thanks to our removable insoles and spacers found in our closed-toe shoes and slippers.

### Self Dressing

Our Self Dressing styles offer solutions to simplify getting dressed, even if you're experiencing challenges such as reduced hand dexterity or upper-body mobility.

#### **Magnetic Closures**

You'll be attracted to the ease and comfort of our magnetic closures, which are hidden away behind a faux button front. You can open and close these shirts with just a simple touch.

#### **Open-Side**

Our open-side pants have openings on both sides, making them easy to put on and take off. They also allow easy access to the hip and belly areas, great for recovery or stoma care.

#### **Easy Grip Loops**

Our easy grip loops make it hassle-free to put on your pants. Simply hook your hands in the loops located at the waistband and pull upwards.

#### **Easy Touch Closure**

We have added easy touch closures to many of our styles to simplify dressing for you or your caregiver. By replacing tedious buttons and laces with easy touch closures, you can adjust or fasten shoes and apparel with the touch of a hand.

# Find the right products for you

When you see this symbol, magnets are sewn into the featured clothing, which under some circumstances could lead to DEATH or SERIOUS INJURY and may interfere with implanted medical devices, including pacemakers. Consult a physician before wearing.

Ingestion hazard: If a magnet becomes exposed or clothing becomes worn or torn near magnet, keep out of reach of children and dispose of garments and magnets. If magnets are swallowed, seek medical attention even if the person is not choking.

# Find your Size

Before getting started, check out our measuring tips!

#### **Bust / Chest**

Measure under the arms around the fullest part of the bust/chest

#### Waist

Measure under the natural waistline, loosely holding the tape measure

#### Hips

Standing with feet together, measure around the fullest part of the hips

#### Inseam

Measure along the inside of the leg, from just below the crotch to 1" below the ankle

Adaptive footwear is easy-on, easy-off, making it perfect for caregivers and people with mobility or manual dexterity challenges. Our innovative shoes also adjust to accommodate swelling or orthotics to ensure all-day comfort.

A good fit is key to making the most of these design features. Here's how to find your adaptive footwear size.

- 1. Measure the length, width and circumference of your feet.
- **2.** Find your adaptive footwear size by comparing the measurements of your larger foot to our Shoe Size Chart.
- **3.** Or, when browsing online, select a shoe, then click on "Size Chart" for a simplified chart that shows sizing for that product.

Visit silverts.com/size-chart for step-by-step instructions.
