A Assisted Dressing

Our Assisted Dressing styles make it easier for you and your caregiver when helping you get dressed, whether you're seated, standing or lying down.

Open-Back Top

Our open-back tops, dresses and nightgowns make dressing easier for those with lowered shoulder and arm mobility. Caregivers can easily slide the sleeves up the wearers arms and secure the garment with simple shoulder snaps.

Open-Back Pants

Our open back pants are designed to be put on and taken off while you're seated or lying down. The pants are pulled onto the legs and the two overlapping back panels simply wrap around the waist. All secured safely with easy-to-reach snaps.

Removable Insoles

You can achieve the perfect footwear fit thanks to our removable insoles and spacers found in our closed-toe shoes and slippers.

S Self Dressing

Our Self Dressing styles offer solutions to simplify getting dressed, even if you're experiencing challenges such as reduced hand dexterity or upper-body mobility.

Magnetic Closures

You'll be attracted to the ease and comfort of our magnetic closures, which are hidden away behind a faux button front. You can open and close these shirts with just a simple touch.

Open-Side

Our open-side pants have openings on both sides, making them easy to put on and take off. They also allow easy access to the hip and belly areas, great for recovery or stoma care.

Easy Grip Loops

Our easy grip loops make it hassle-free to put on your pants. Simply hook your hands in the loops located at the waistband and pull upwards.

Easy Touch Closure

We have added easy touch closures to many of our styles to simplify dressing for you or your caregiver. By replacing tedious buttons and laces with easy touch closures, you can adjust or fasten shoes and apparel with the touch of a hand.

When you see this symbol, magnets are sewn into the featured clothing, which under some circumstances could lead to DEATH or SERIOUS INJURY and may interfere with implanted medical devices, including pacemakers. Consult a physician before wearing.

Ingestion hazard: If a magnet becomes exposed or clothing becomes worn or torn near magnet, keep out of reach of children and dispose of garments and magnets. If magnets are swallowed, seek medical attention even if the person is not choking.

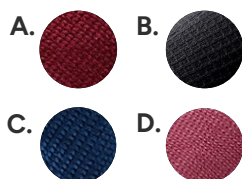

Women's Footwear (S)

Our thoughtfully designed slippers and shoes make getting ready simple—no matter your level of dexterity. Easy on, easy off styles with adjustable widths provide a personalized fit that adapts to swelling throughout the day. With Silverts footwear, every step feels supported, secure, and comfortable.

Before getting started, check out our measuring tips!

Bust / Chest

Measure under the arms around the fullest part of the bust/chest

Waist

Measure under the natural waistline, loosely holding the tape measure

Hips

Standing with feet together, measure around the fullest part of the hips

Inseam

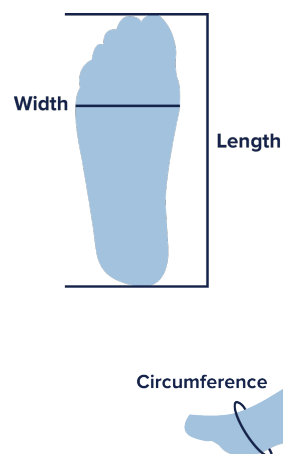

Measure along the inside of the leg, from just below the crotch to 1" below the ankle

Adaptive footwear is easy-on, easy-off, making it perfect for caregivers and people with mobility or manual dexterity challenges. Our innovative shoes also adjust to accommodate swelling or orthotics to ensure all-day comfort.

A good fit is key to making the most of these design features. Here's how to find your adaptive footwear size.

1. Measure the length, width and circumference of your feet.
2. Find your adaptive footwear size by comparing the measurements of your larger foot to our Shoe Size Chart.
3. Or, when browsing online, select a shoe, then click on "Size Chart" for a simplified chart that shows sizing for that product.

Visit silverts.com/size-chart for step-by-step instructions.

Supporting Independence in Everyday Life

Activities of Daily Living are supported by our Adaptive Clothing Assessments

From practical daily living products to comprehensive assessments, we provide the tools and guidance to support independence, confidence, and quality of life. Our expertly designed adaptive clothing and professional personal consultations help individuals and care teams find solutions tailored to their unique needs.

Dressing

Open-back tops and bottoms support the person being dressed and their care team by reducing time, strain, and discomfort when dressing.

Toileting

Our adaptive open-back bottoms support quick bathroom breaks and changes, limiting one's movement and dignity distress.

Bathing

Products such as our Terry Shower Bath Cape provide modesty and promote dignity, while reducing sensory discomfort during hygiene routines.

Footwear

Created for easy on and off, our adaptive slippers and shoes are designed with rubber grip soles to prevent potential slips and falls on wet or dry surfaces.

Whether you need support with a single daily task or your entire daily routine, we provide personalized solutions to help you maintain independence and confidence.
