New to adaptive clothing? Let us teach you about some of our adaptive features you will see throughout the catalog.

Assisted Dressing

Our Assisted Dressing styles make it easier on you and your caregiver to help you getting dressed, whether you're seated, standing or lying down.

**Open-Back Top** 

Our open-back tops, dresses and nightgowns make dressing easier for those with lowered shoulder and arm mobility. Caregivers can easily slide the sleeves up the wearers arms and secure the garment with simple shoulder snaps.

**Open-Back Pants** 

Our open back pants are designed to be put on and taken off while you're seated or lying down, the pants are pulled onto the legs and the two overlapping back panels simply wrap around the waist. All secured safely with easy-to-reach snaps.

**Removable Insoles** You can achieve the perfect footwear fit thanks to our removable insole and spacers found in our closed toe shoes and slippers.

### Self Dressing

Our Self Dressing styles offer solutions to simplify getting dressed, even if you're experiencing challenges such as reduced hand dexterity or upper-body mobility.

#### **Magnetic Closures**

You'll be attracted to the ease and comfort of our magnetic closures, which are hidden away behind a faux button front. You can open and close these shirts with just a simple touch.

### **Open Side**

Our open-side pants have openings on both sides, making them easy to put on and take off. They also allow easy access to the hips and belly, great for recovery or stoma care.

#### **Easy Grip Loops**

Our easy-grip loops make it hassle-free to put your pants on. Simply hook your hands in the loops located at the waistband and pull upwards.

#### **Easy Touch Closure**

We have added easy touch closures to many of our styles to simplify dressing for you or your caregiver. By replacing out tedious buttons and laces for easy touch closures, you can now adjust or fasten shoes and apparel with the touch of a hand.

Look for our Self Dressing or Assisted Dressing Icon or category

When you see this symbol, magnets are sewn into the featured clothing, which under some circumstances could lead to DEATH or SERIOUS INJURY and may interfere with implanted medical devices, including pacemakers. Consult a physician before wearing.

Ingestion hazard: If a magnet becomes exposed or clothing becomes worn or torn near magnet, keep out of reach of children and dispose of garments and magnets. If magnets are swallowed, seek medical attention even if the person is not choking.

Adaptive footwear is easy-on, easy-off, making it perfect for caregivers and people with mobility or manual dexterity challenges. Our innovative shoes also adjust to accommodate swelling or orthotics to ensure all-day comfort.

A good fit is key to making the most of these design features. Here's how to find your adaptive footwear size.

- **1.** Measure the length, width and circumference of your feet.
- 2. Find your adaptive footwear size by comparing the measurements of your larger foot to our Shoe Size Chart.
- 3. Or, when browsing online, select a shoe, then click on "Size Chart" for a simplified chart that shows sizing for that product.

Visit silverts.com/size-chart for step-by-step instructions.
